

## My Mom's Immigration Story

By Emiliano

My name is Emiliano Sandoval. I'm 9 years old and this is my mom's immigrant story.

My mom left Mexico to the U.S so we don't get hurt because Mexico was dangerous.

In Mexico they don't earn a lot of money. She got a job in the U.S cleaning homes that pay well. She saved money. My mom and my dad bought a home and bought food. Then they got more money. They saved money and they were good at paying bills and food and a lot to decorate for the house.

They were good at everything.
